Respect for Human Rights

Our Approach

The Subaru Group puts people first and engages in people-oriented manufacturing. Based on the belief that respect for the rights and characteristics of individuals is an important management issue for realizing Subaru’s corporate philosophy of promoting harmony between people, society, and the environment while contributing to the prosperity of society, the Subaru Group clarified its responsibilities to respect human rights by establishing its “Human Rights Policy” in April 2020. Human Rights Policy was formulated in full considerations of stakeholders’ views and expectations, incorporating outside experts’ insights and discussion contents with overseas business sites. This policy is run globally and appropriately, being ready to address future environmental changes.

Management System

We have appointed Representative Director, President and CEO as a director who is responsible for leading the process of developing the Policy and assigning resources as needed for its implementation and continued improvement. The Representative Director, President and CEO also serves as head of the CSR Committee, where we hold discussions on human rights issues and initiatives.

Initiatives

Based on the belief that respect for the rights and characteristics of individuals is an important management issue for realizing Subaru’s corporate philosophy, the CSR Committee decided to form the Human Rights Task Team in March 2019, which was materialized in April 2019 and is comprised of the Human Resources Department, IR Department, Sustainability Promotion Department, and Procurement Planning Department. As a result of multiple discussions with outside experts and specialists, the Task Team formulated the Human Rights Policy in April 2020. It sets forth that the Subaru Group’s universal sense of purpose in acting for the good of people not only applies to our customers and employees, but also extends across the entire value chain. Going forward, the Subaru Group will continue managing its operations in line with respect for human rights.

Activities to Raise Awareness of Human Rights

The Subaru Group’s Human Rights Policy states that it “expects and encourages our business partners and other stakeholders associated with our operations, including those in the supply chain, to respect human rights in accordance with this policy.” We have been conducting Subaru’s new employee training and manager training on the theme of diversity, and going forward, we will analyze and conduct awareness raising activities in order to further increase employees’ respect for human rights.

Preventing Harassment

The Subaru Group regards the prevention of discrimination and harassment as important issues, and this is expressed in the Human Rights Policy. Seeking to prevent all forms of harassment, we prohibit such behavior in our work regulations, and it is also mentioned in the Conduct Guidelines. We have prepared the Power Harassment Explanatory Booklet, and ensure that all Subaru employees are aware of its contents. Also, we distribute the Power Harassment Prevention Handbook to all managers and supervisors, and make efforts to prevent harassment.

We have set up a Compliance Hotline and a Harassment Advice Line internally and externally to accept requests for consultations regarding harassment, creating an environment in which all employees, including those at group companies, can receive advice. By creating a management system in which it is easy to seek advice, we encourage carefree consultations, and attempt to detect and resolve problems at an early stage.
