**2. Revision of Dividend Forecast**

(yen)

	Dividends per share		
	End of 2nd quarter	Year-end	Total
Previous projection (on May 8, 2012)	4.5	4.5	9.0
Current forecast	-	5.0	10.0
Actual payments	5.0	-	-
Actual payments of the previous fiscal year (ended March 2012)	4.5	4.5	9.0

**3. Reason for the announcement**

As one of FHI's key management tasks, the shareholders return policy is set with the goal of ROE improvement and consistent dividend payment, the amount of which is linked to the company's business performance including financial performance of each term, capital investment plans and business environment.

Considering the consolidated business results for the 2nd quarter as well as forecast for the full-year business results, the interim dividend and year-end dividend forecast per share will be increased by 0.5 yen compared with the previous projection to 5.0 yen respectively. As a result, the projected dividend per share for the full fiscal year ending March 31, 2013 will be increased by 1.0 yen compared with the previous fiscal year to 10.0 yen.

Note: Above mentioned projections are based on certain assumptions and our management's judgment in light of currently available information, therefore actual results may differ from these projections.

End.
