Furthermore, at the 86th Annual General Meeting of Shareholders held on June 23, 2017, it was approved by the shareholders that under the Plan, the compensation for no more than 100,000 the granting of restricted stocks per year will be provided to the Eligible Officers.

This time, based on the Plan, after the consideration of the purpose of the Plan, the Company’s business performance, the scope and nature of the performance of duties of each of the Eligible Officers, and various circumstances, the Company decided to pay a total amount of ¥143,511,720 in the monetary compensation claim and grant 43,032 shares of the common stock of the Company by way of in-kind contribution of the said monetary compensation claim to 6 Eligible Directors and 18 corporate vice presidents. Furthermore, since the purpose of the Plan is to provide the management with incentives to achieve sustained improvement of the

corporate value of the Company and to share more of that value with the Company's shareholders, the Transfer Restriction Period has been set at 3 years.

For the Disposal of Own Shares, the Eligible Officers to whom the stock is scheduled to be granted will pay in all the said monetary compensation claim as property contributed in kind, and receive the common stock of the Company to be disposed of by the Company.

3. Overview of the Contract Regarding the Grant

The Company and each of the Eligible Officers will execute the Contract Regarding the Grant individually, which is summarized as follows:

(1) Transfer Restriction Period: July 20, 2018 through July 20, 2021

(2) Conditions for Cancellation of the transfer restrictions

The transfer restrictions for all of the granted shares held by the Eligible Officers will be cancelled at the expiration of the Transfer Restriction Period. Additionally, in cases where any one of the Eligible Officers loses all of his/her status as a director, officer, corporate vice president or employee of the Company or any of its subsidiaries during the Transfer Restriction Period, due to death, completion of his/her term of office or reaching of his/her retirement age, or any other legitimate reasons approved by the Board of Directors of the Company, the transfer restrictions on all the shares granted to the said one of the Eligible Officers shall be cancelled immediately after such his/her status is lost.

(3) The Company's acquisition of the shares at no cost

In cases where any one of the Eligible Officers loses all of his/her status as a director, officer, corporate vice president or employee of the Company or any of its subsidiaries during the Transfer Restriction Period, the Company shall naturally acquire at no cost all of the granted shares held by the said one of the Eligible Officers at the time of such loss. However, this shall not apply to cases where such losing of his/her status occurs due to death, completion of his/her term of office or reaching of his/her retirement age, or other legitimate reasons approved by the Board of Directors of the Company.

(4) Administration of shares

To prevent the Eligible Officers from transferring, setting collateral rights for, or otherwise disposing of the granted shares during the Transfer Restriction Period, each of the Eligible Officers opens a dedicated account with Mizuho Securities Co., Ltd. for administration of the granted shares. To enforce the transfer restrictions, etc. on the granted shares, the Company enters into a contract with Mizuho Securities Co., Ltd. for the administration of the accounts of the granted shares held by the Eligible Officers. In addition, the Company has obtained consent from the Eligible Officers as to the details of the said transfer restrictions, etc.

(5) Treatment in the event of organizational restructuring, etc.

Prior to the expiration of the Transfer Restriction Period, if the General Meeting of Shareholders of the Company approves of any matters with regard to a merger contract under which the Company will become a dissolving company; an absorption-type split agreement or incorporation-type company split plan under which the Company will be a split company (but only if the Company, on the effective date of the company split, delivers to the Company's shareholders a whole or part of the consideration for the said company split that it acquired); a share exchange agreement or share transfer plan under which the Company will become the wholly owned subsidiary; or any other organizational restructuring, etc. set forth in the Contract Regarding the Grant (or, in cases where the approval at the General Meeting of Shareholders of the Company for the said organizational restructuring, etc. is not necessary, if the Board of Directors of the Company approves), based on a resolution of the Board of Directors, the transfer restrictions shall be cancelled immediately before the business day immediately prior to the effective date of the said organizational

restructuring, etc., regarding the number of the granted shares that is reasonably calculated considering the period from the beginning of the Transfer Restriction Period to the approval date of the said organizational restructuring, etc.

4. Basis of calculating the amount to be paid in for the granted shares and other specific details

The Disposal of Own Shares shall be funded by the monetary compensation claim provided as a restricted stock compensation by the Company and any of its subsidiaries under the Plan. To eliminate arbitrariness in the disposal price, the average closing price of the Company's common stock on the Tokyo Stock Exchange over the one-month period up to the day immediately preceding July 3, 2018 (from June 4, 2018 through July 2, 2018) of ¥3,335 (with amounts less than ¥1 truncated here and elsewhere) was used as the disposal price, which is believed to be reasonable as the market price.

Note that the divergence ratio from the closing price on the Tokyo Stock Exchange of ¥3,169 on the day immediately preceding the date of the resolution by the Board of Directors was 5.24 % (Divergence figures have been rounded up at the three-digit level below the decimal here and elsewhere). The divergence ratio from the simple average value of ¥3,489 of the closing prices for the three-month period (from April 3, 2018 to July 2, 2018) was (4.41 %), and the divergence ratio from the simple average value of ¥3,577 of the closing price for the six-month period (from January 4, 2018 to July 2, 2018) was (6.77 %). Accordingly, the price is believed not to be particularly favorable to the share recipients.
