

# Consolidated Financial Results for the 3<sup>rd</sup> Quarter of FYE 2025

SUBARU CORPORATION
Katsuyuki Mizuma, Director, Senior Managing Executive Officer & CFO

February 7<sup>th</sup>, 2025

#### **Key Points**

#### Results for the nine months ended December 2024

- Production: 725,000 units (down 4.2% Y/Y) / Consolidated Unit Sales: 707,000 units (down 3.8% Y/Y)
   Global production and consolidated unit sales decreased year on year due to production and shipments that took into account sales trends and inventory levels in overseas markets.
- Operating profit: 369.2 billion yen (down 0.5% Y/Y)
   Operating profit was flat year on year, despite a decrease in sales volume and an increase in sales incentives, due to the positive impact of foreign exchange fluctuations and the sales price revisions.

#### ■ Forecast for FYE 2025

- Production: 950,000 units (down 2.0% Y/Y) / Consolidated Unit Sales: 950,000 units (down 2.7% Y/Y)
   The forecast for global production and sales volumes remains unchanged from the previous announcement, as the plan is progressing as scheduled.
- Operating profit: 430.0 billion yen (down 8.2% Y/Y)
   The Company revises its previous forecast upward, mainly due to a revision of its exchange rate assumptions.

<sup>\*</sup>Notes on figures in the results: Vehicle volume figures are rounded to the nearest thousand. Yen figures are rounded to the nearest hundred million.
