

Subaru Production Situation in Japan beyond March 21 Following Major Earthquake in Northeastern Japan

Tokyo, March 18, 2011 - Fuji Heavy Industries Ltd. (FHI), the maker of Subaru automobiles, announced today that it has decided to extend the production suspension at all Subaru Plants until Tuesday, March 22, considering the influence of its suppliers in the affected areas as well as conditions of electric power supply. FHI previously announced its production suspension until March 20.
