Annual cash dividends per share(Yen)	50.00	90.00	165.00

### 3.Outlook

Since FHI formed a basic agreement with Toyota for business alliance on October 2005, both companies have been seeking effective utilization of managerial resources in R&D and manufacturing areas in full respect of each brand and independence for management. FHI continues business alliance with Toyota in products and technology in order for both companies to strengthen competitiveness and to grow in a long run. This change has no effect on business performance for FHI.
