☆: Record high for the month of April

○: Record high for January-April period

< Production >

- Domestic production decreased year-on-year, as production of the Impreza for North America was moved from Japan to the U.S.
- Overseas production significantly increased year-on-year, due to increased production capacity as well as the all-new Impreza's start of production in November 2016.

< Sales in Japan >

- Passenger vehicle sales increased year-on-year, led by continued strong demand for the all-new Impreza launched in October 2016.
- Mini vehicle sales decreased year-on-year due to a decline in the Stella and Pleo sales.

< Exports >

- Exports from Japan decreased year-on-year, as production of the Impreza for North America was moved from Japan to the U.S.
