☆: Record high for the month of November

○: Record high for January–November period

\*1 JAMA (Japan Automobile Manufacturers Association Inc.) report basis (CBU)

\*2 Local line-off basis

\*3 JAMA report basis

**< Production >**

- Domestic production rose year-on-year as production of the Legacy and Forester increased.
- Overseas production significantly increased year-on-year, as the U.S. production of the all-new Impreza started in November, and Subaru vehicle production began on the assembly line that was once used to build the Toyota Camry.

**< Sales in Japan >**

- Passenger vehicle sales increased year-on-year led by the Levorg and Forester.
- Mini vehicle sales decreased year-on-year as sales of the Stella and Pleo declined.

**< Exports >**

- Exports from Japan decreased year-on-year for reasons related to schedules of shipments to North America and Australia.
