

FHI Announces Consolidated Financial Results for Nine Months of FYE2016

Tokyo, February 4, 2016 - Fuji Heavy Industries Ltd. (FHI), the manufacturer of Subaru automobiles, today announced its consolidated financial results for the first nine months of the fiscal year ending March 31, 2016.

< April-December 2015 Results: Consolidated Net Sales >

Subaru's consolidated global unit sales rose 7.3% to 712,000 units. Unit sales in Japan fell 5.6% to 100,000 units, as an increase in mini vehicle sales was offset by a decrease in passenger car sales due to a decline in new model launch effects. Overseas unit sales grew 9.8% to 612,000 units, driven by continued high demand for the Legacy and Outback, especially in North America. FHI's consolidated net sales rose 17.4% to 2,418.6 billion yen due to foreign exchange gains, unit sales growth and other factors. Consolidated net sales, global unit sales, overseas unit sales and North American unit sales each posted a record high for the April-December period.*1

< April-December 2015 Results: Consolidated Profit and Loss >

Operating income rose 40.5% to 435.7 billion yen, as increases in SG&A and R&D expenses were offset by exchange rate gains, unit sales growth, cost reduction progress and other factors. Ordinary income grew 50.5% to 434.0 billion yen and net income attributable to owners of parent increased 77.5% to 337.8 billion yen.

All profit figures posted record highs for the April-December period.*1
